STANDARD AUBURN CHALET FLOOR PLAN
COMPLETE COST BREAKDOWN

The Auburn Chalet floor plan is a 1,978 sq. ft. 3 bedroom 2 bathroom house with a 16 sq. ft. front porch and no garage. This floor plan is great for those weekend or vacation retreats. The Auburn Chalet features a second floor master bedroom suite with private bath, dressing area, and more closet storage area than many larger custom homes. The loft area provides a multi-purpose area for additional sleeping space or a great play area for kids. The plan is engineered for high snow-loads which makes it the ultimate design for a mountain home or luxury cabin.

#1 THE BASE PRICE FOR CONSTRUCTION PLANS (#1) & LUMBER PACKAGE IS = \$81,680

Pre-Engineered Home Plans are included with the home package and are designed as follows:

- a. Complete set of plans drawn to the California Building Code (CBC), as interpreted by Elk Grove, Ca including the foundation design but excluding the Site Plan, Energy Calculation, Fire Sprinkler Design, Heating & Air Duct Design or any other city/county requirement.
- b. Plans are engineered for light-weight tile, PV solar panels, no snow load, basic 110 mph wind, Exposure "C" and Seismic Zone D.
- c. Plan drafting and engineering costs may increase as a result of local building ordinances or base plan modifications.

#2 CALIFORNIA SALES TAX OF 8.25% applied to the lumber package fee above = \$6,739

If your building project is out of the state of California, then NO SALES TAX! Except for Nevada.

#3 FREIGHT CHARGE OF 120 MILES FROM ELK GROVE, CA = \$3,156

We are using 120 miles as an example for pricing to the bay area. **WE CAN SHIP ANYWHERE!**

Feight chart from Elk Grove, Ca (#2) for two trucks w/ 1 wideload permit:

0-50 miles = \$2,612	51-100 miles = \$3,011	101-150 miles = \$3,366
151-200 miles = \$3,754	201-250 miles = \$4,144	251-325 miles = \$4,574

If shipping over 325 miles from Elk Grove, Ca. You will need to rent a local forklift to unload lumber package.

326-400 miles = \$4,236	401-500 miles = \$5,198	501-600 miles = \$6,162
601-650 miles = \$6,648	651 miles and further please call for pricing.	

If you need to ship across the country by rail, or ship overseas in a shipping container, please call for pricing.

#4 TOTAL FOR PLANS & LUMBER PACKAGE TO JOB SITE = \$91,575

This price is for 2x6 Douglas Fir studs #2 or better with an 8' high ceiling. This home has the Louisiana Pacific Smart 19/32" OSB T1-11 shear already nailed off on the wall sections. Along with the same Louisiana Pacific Smart trim for barge, fascia, door, window, corner, rake and eve. The roof system is an Alpine truss with 15/32" OSB roof plywood. Made to order custom Milgard Tuscanny windows, Therma Tru exterior front door and Simpson framing hardware & nails.

**#5 Other fees on plans required for CA building permit that we can help with:
Set-up, Printing, Mailing, Site Plan, Title-24, & Cal Green = \$1,600**

STANDARD AUBURN CHALET FLOOR PLAN

COMPLETE COST BREAKDOWN

Most of the items below are what we call the **"HIDDEN COST"**. The hidden costs are controlled by you in the local market. You can choose to do the work yourself or hire trades people to do the work for you. You can choose to install high-end or basic finishing items. This allows you more control of your construction cost, construction time frame and products going into your home. See how you can build your dream home in column #1 as an **"OWNER BUILDER"** for **\$90 a sq. ft.** Or in column #2 as an **"OWNER CONTRACTOR"** for **\$131 a sq. ft.** Column #3 shows you what a **"TURN-KEY"** price could be if you prefer not be involved in the building & decision making. These fees can be even higher depending on who you choose as your general contractor. This price is inclusive of all building material and almost all labor except; building permit, sewer and water hookup fees. You will need to contact your local building department for those fees.

COLUMN #1 - OWNER BUILDER = You are doing all the work + making all of the decisions = saving money.

COLUMN #2 - OWNER CONTRACTOR = You are managing trades people to do the work + help you make decisions = saving money.

COLUMN #3 - TURN-KEY = You high a general contractor to do everything for you & spend a lot more money.
