

**STANDARD BRENTWOOD FLOOR PLAN**  
**COMPLETE COST BREAKDOWN**

The Brentwood floor plan is a 2,309 sq. ft. 3 bedroom 2.5 bathroom house with a 446 sq. ft. covered porch, 915 sq. ft. 2 car garage and workshop area. The Brentwood provides an abundance of living space that is set apart from the rest of the home. The bountiful kitchen boasts a full size island and walk-in pantry. The master bedroom is located at the far end of the home, providing a private living area with an optional extended retreat area. A spacious walk-in closet with private access to the laundry area is featured in the master bedroom. The workshop / storage area can be modified into a third car garage.

**#1 THE BASE PRICE FOR CONSTRUCTION PLANS (#1) & LUMBER PACKAGE IS = \$143,882**

Pre-Engineered Home Plans are included with the home package and are designed as follows:

- a. Complete set of plans drawn to the California Building Code (CBC), as interpreted by Elk Grove, Ca including the foundation design but excluding the Site Plan, Energy Calculation, Fire Sprinkler Design, Heating & Air Duct Design or any other city/county requirement.
- b. Plans are engineered for light-weight tile, PV solar panels, no snow load, basic 110 mph wind, Exposure "C" and Seismic Zone D.
- c. Plan drafting and engineering costs may increase as a result of local building ordinances or base plan modifications.

**#2 CALIFORNIA SALES TAX OF 8.25% applied to the lumber package fee above = \$11,870**

If your building project is out of the state of California, then NO SALES TAX! Except for Nevada.

**#3 FREIGHT CHARGE OF 120 MILES FROM ELK GROVE, CA = \$4,989**

We are using 120 miles as an example for pricing to the bay area. **WE CAN SHIP ANYWHERE!**

**Feight chart from Elk Grove, Ca (#2) for three trucks w/ three wideload permits:**

0-50 miles = \$2,782	51-100 miles = \$3,182	101-150 miles = \$3,536
151-200 miles = \$3,924	201-250 miles = \$4,314	251-325 miles = \$4,744

If shipping over 325 miles from Elk Grove, Ca. You will need to rent a local forklift to unload lumber package.

326-400 miles = \$4,406	401-500 miles = \$5,368	501-600 miles = \$6,332
601-650 miles = \$6,818	651 miles and further please call for pricing.	

If you need to ship across the country by rail, or ship overseas in a shipping container, please call for pricing.

**#4 TOTAL FOR PLANS & LUMBER PACKAGE TO JOB SITE = \$160,741**

This price is for 2x6 Douglas Fir studs #2 or better with an 10' high ceiling. There is a 3/8" OSB shear already nailed off on the wall sections ready for stucco siding to be applied. Louisiana Pacific Smart trim for barge & fascia. The roof system is an Alpine truss with 15/32" OSB roof plywood. Made to order custom Milgard Tuscanny windows, Therma Tru exterior front door and Simpson framing hardware & nails. When a home is designed with stucco siding, we do not supply the stucco siding or trim around the doors, windows, and corners. Also the rock siding is not supplied.

**#5 Other fees on plans required for CA building permit that we can help with:  
Set-up, Printing, Mailing, Site Plan, Title-24, & Cal Green = \$1,600**

**STANDARD BRENTWOOD FLOOR PLAN**

**COMPLETE COST BREAKDOWN**

Most of the items below are what we call the **"HIDDEN COST"**. The hidden costs are controlled by you in the local market. You can choose to do the work yourself or hire trades people to do the work for you. You can choose to install high-end or basic finishing items. This allows you more control of your construction cost, construction time frame and products going into your home. See how you can build your dream home in column #1 as an **"OWNER BUILDER"** for **\$100 a sq. ft.** Or in column #2 as a **"OWNER CONTRACTOR"** for **\$153 a sq. ft.** Column #3 shows you what a **"TURN-KEY"** price could be if you prefer not be involved in the building & decision making. These fees can be even higher depending on who you choose as your general contractor. This price is inclusive of all building material and almost all labor except; building permit, sewer and water hookup fees. You will need to contact your local building department for those fees.

**COLUMN #1 - OWNER BUILDER = You are doing all the work + making all of the decisions = saving money.**

**COLUMN #2 - OWNER CONTRACTOR = You are managing trades people to do the work + help you make decisions = saving money.**

**COLUMN #3 - TURN-KEY = You high a general contractor to do everything for you & spend a lot more money.**
